WALRUT STREET THEATRE. - Mr. J. S. Clarke offers an attractive bill to-night. He appears in the droll and bumpkinish role of "Tony," in Goldsmith's play of She Sloops to Conquer. The cast of the piece is very tine. Mr. Clarke also appears in the rediculously funny part of "Timothy Brown," in the comical farce of My Neighbor's Wife.

SALLE DIABOLIQUE.-Helier, the great magician, musician, minic, and man of mirth, wants to see all of his friends at the Assembly Buildings this evening. He promises to do either something new or neat every night, and to let you out in time to catch the cars.

A GRAND FREE ART EXHIBITION. - This is an age of enterprise, speculative and gigantic. The business world teems with enormous and lucrative investments. The whole financial more or less permeated with speculation, and it seems to be the climacteric of human efforts to send money circulating through the community with the whirling impetuosity of a towering ocean billow. Conspicuous among the enterprises of the present day is that of the "Crosby Opera House Art Association." The prime mover in this monster speculation is Mr. U. H. Crosby, a wealthy and influential citizen of Chicago. Mr. Crosby built, some time ago. a large and beautiful place of amusement, known as the "Crosby Opera House." He became desirous of disposing of it, for various valid business reasons, and knowing the great worth of the property, and wishing to be compensated for parting with it, he instituted agit enter-prise which, for its enormity and security, is unparalleled by anything of one kind ever before attempted. To give the tang extensive popularity, he added to the list of his prizes some of the most noted and elegant paintings that have ever been produced by American artists, and which have already attained a reputation throughout the whole country and in Europe, for their superior finish and originality of treatment. This is a consideration of universal in-terest in the world of art, and has secured an unexampled popularity for the Association. There is a large number of these p ctures on exhibition at B. Scott's Auction Rooms, on Chesnut street, between Tenth and Eleventh streets, south side. Particularly noticeable among

Suffice it to say that, among the works

of art which are offered as prizes by the Association, is Bierstadt's celebrated Yosemite Vatley, a picture from nature, Calaveras county, California, and Constant Meyer's Kecognition. Such an offertory of princely prizes has never colds, rheumatism, or fresh wounds and bruses,-Christian Era. before been made in this or any other country.

CITY INTELLIGENCE. [For Additional City Intethgence see Third Page.] LES INVALIDES.—The office for the pay-

Colonel knoch W. C. Greene, the United States Pension Agent for this city, yesterday commenced the payment of pensions, at the office of the Philadelphia agency. Pensioners whose last names commenced with the letters A and B were attended to during the day the widows, mothers, and guardians in the forenoon, and the invalids after 12 o'c ock. The balance of letters A and B will be paid to-day. Colonel Greene's system is a most admirable one, and there is now none of that groweing and pushing, equally anno ing to that croweing and pushing, equally anno ing to the agent and applicant, which have hither o charac-terized the payment of pensions. At least one-third more persons can be accommodated at oresent than could be done under the old mode of dispensing the nation's dues to its maimed herces, its widows, and its invalids. To-day Co onel Greene will pay letters
